| <p>During the International Meeting in Arnót (Hungary), European-wide activities were held from April 20th to April 24th 2023.</p> <p>During these 5 days, participants took part in a series of theoretical, practical and cultural activities, exchanging best practices to enable mutual understanding: lectures, seminars, brainstorming, round tables, workshops, social and cultural activities and visits, etc.</p> <p>All these activities were chosen to promote understanding and knowledge among participants of what it means to be a European citizen by comparing and learning about the different cultures and customs of the various countries belonging to the European community.</p> <p>All topics in the project proposal were discussed through both formal and non-formal methods.</p> <p>The conference and workshops were very constructive to the opening and dissemination of an active dialogue, encouraging active participation among locals, young participants and either direct and indirect attendees.</p> <p>The main theme of this event was “The development of a sense of European belonging, to contribute to a higher turnout and inclusive candidacy at European Parliament elections” and it was from this principal focus that it was possible to launch the dialogue and discussion about the start of the project and definition of EU and national policies concerning elections.</p> <p>In addition to these activities, the cultural visits were also very relevant and brought to the European nature of the project another important added value.</p> <p>Visiting the first ecumenical tourist route of the Carpathian basin, Ónod castel, Miskolc or being involved in Opening ceremony of the flowers basket exhibition and competition and presentation of Hungarian folk costumes helped everyone involved to embrace the local culture and traditions of Hungary but also to share their own customs so as to create a multicultural dimension that is open to integration.</p> | | | |
